RE: International Student Health Insurance (50012-457-20B)

- Please see Question No. 3 on Page No. 2 of the bid packet
 - It should read the following: “3 – After reviewing your plan design requirements, we noticed that there is not specifications as to whether or not the school has any requirements for an ACA plan or a non-ACA plan: **The policy does NOT need to be ACA compliant. When our provider changed from 2016-2017 to 2017-2018, the new provider only had an ACA policy available in the state of Louisiana. It was their choice, not our choice, to provide unlimited medical benefit. This bid is for a maximum limit for injuries with a \$250,000 limit.**
 - The word ‘not’ in the sentence “**The policy does NOT need to be ACA compliant**” was omitted in the original bid packet.

All other specifications remain unchanged.
